

**Desborough Town Council**  
Town Clerk: Graham Thomson  
High Street, Desborough, NN14 2QS  
01536 628816 clerk@desboroughtowncouncil.gov.uk

To: All Town Councillors

You are hereby summoned to attend a meeting of Desborough Town Council to be held online using ZOOM on Thursday 18 March 2021, commencing at seven o'clock for the purpose of transacting the following business. Members of the press and public are invited to attend remotely.

To join the meeting follow this link:

<https://us02web.zoom.us/j/86270244258?pwd=REtkVUEzV2xzdzF4WFN0VDJ5RkxGUT09>

If necessary, use the following - Meeting ID: 862 7024 4258 Passcode: 5754616

If you wish to join by audio telephone only (your normal call charges will apply) dial one of the following numbers: 0203 481 5240; or 0131 460 1196; or 0203 051 2874; or 0203 481 5237 and use the meeting ID and password given above. If you wish to speak you must click to raise your hand (instructions on Zoom). To raise your hand when you are following the meeting by telephone please press \*9, if the Chair invites you to speak you will need to press \*6

**NOTE TO MEMBERS OF THE PUBLIC**

Members of the public who wish to follow proceedings are welcome to use the login details above using Zoom. All members of the public will not be able to be seen or heard unless the Chair of the meeting invites them to speak.

Owing to the remote nature of attendance, any members of the public wishing to address the Council are requested to provide details to the Town Clerk before the meeting either by emailing the usual form (available on the Council's website here [Your Right to Speak at Council Meetings](#) or here "Home" > "Policies" > "Your Rights" > "Your Right to Speak at Council Meetings") to the Council using the email address above, by sending the same information to the Town Clerk by email, or using the email us facility on the Council's website.

Signed,

Graham Thomson  
Town Clerk

12 March 2021

**AGENDA**

- 156./20 Chair's welcome and announcements**
- 157./20 To consider and if so resolved to approve apologies for absence**
- 158./20 To note any declarations of interest from Councillors**
- 159./20 To note or consider any requests for dispensation**  
To note any requests for dispensation for Councillors with an interest to be allowed to speak which have been considered by the Town Clerk in accordance with the Localism Act 2011 and the Council's Scheme of Delegation, and to consider any such applications not yet determined.
- 160./20 To approve the minutes of the meeting held on 18 February 2021 and 8 March 2021**  
The minutes of the meetings of the Council held on 18 February 2021 and the extraordinary meeting of the Council on 8 March 2021 have been circulated.
- 161./20 To hear representations from members of the public notified in advance of the meeting**  
Note: no decisions can be made in response to matters raised under this item.
- 162./20 To discuss the current position with the Rothwell North housing development, road works, and associated planning requirements**
- 162.1./20 Temporary Traffic Regulation Order: TTRO (20/21) N522**  
Members will recall the recent extraordinary meeting called to discuss the proposed closure of the B576 between Glebe Farm and the Roundabout at Greening Road, Rothwell referred to as Temporary Traffic Regulation Order: TTRO (20/21) N522. Following the meeting the Council demanded that the closure arrangements be changed to avoid the tremendous and unnecessary inconvenience to the residents of Desborough, the staff and pupils of Montsaye Academy, and the essential staff and the patients of the Rothwell Medical Centre & Pharmacy. Specifically, the Council sought:-
- (1) for any and all future road closures affecting this site, the community be given as much notice as possible, and that Desborough Town Council be notified directly before any TTRO is applied for or granted;
  - (2) the TTRO be brought forward by one week to coincide more closely with the school's half term holiday;
  - (3) in recognition that the closure is for two complete weeks 24/7 the developer should ensure that actual works take place 24/7 with **day and night** working to reduce the closure time further;
  - (4) in the event that it is not possible to bring forward the works at this notice, the TTRO must be rescinded and the works rescheduled for the school summer holidays, which are currently scheduled to begin around 23 July 2021;

- (5) fully effective, and more appropriate, arrangements be made for pedestrian access and pedestrian safety.

Discussions between the developer and its contractor have been taking place and any update will be reported to the meeting.

The Council is REQUESTED to consider the matter.

**162.2./20 Rothwell Gullet, Local Wildlife Site**

Members will be aware that the development site is adjacent to the nature reserve at Rothwell Gullet, looked after by The Wildlife Trust for Bedfordshire, Cambridgeshire & Northamptonshire. The planning consent requires various measures to protect the Reserve including a buffer between the housing and the nature reserve. The Ecological Management Plan also requires:-

- (1) good practice measures for dust and pollution control;
- (2) the Parkland West area of the green infrastructure will provide a 50m buffer to the development and mitigate against damage and/or disturbance from the development;
- (3) structural native tree and scrub planting including thorny species at site boundary, and careful siting of paths to discourage access by the public;
- (4) annual monitoring of flora within both the LWS during construction and years 1,3,5 and 10 post construction.

The Council is REQUESTED to consider the matter.

**162.3./20 To note a report about vehicle movements into and out of the Rothwell North construction site**

The Council is usually notified about vehicle movements into and out of the construction site and any violations of the approved routes by HGVs. The most recent information is:-

08/02 - 15/02 6 violations inwards and 2 violations outwards out of 449 vehicles  
(this represents a violation rate of 1.78%)

There is a backlog of weekly reports and any further information received before the meeting will be reported.

The Council is REQUESTED to note the report.

**163./20 To discuss the Borough Council's proposals for the Lawrence's Factory Site**

Members will be aware of some of the history of the site and the competing interest groups' ideas for it. The site is currently owned by the Borough Council (KBC) which intends to develop it for social housing. The proposals are indicative and for consultation only. The current proposals have been presented by the Borough Council separately to Desborough's three Borough Councillors, the DCDT, and the Town Council. The proposal is to retain the buildings and convert them for accommodation. The developer in this instance is the Borough Council (soon to be North Northamptonshire Council). The proposals for the site include 43 Council homes (ranging from 1 to 5 bedrooms). A detailed cost plan has been produced (with an estimated cost of £8.9M – £9.5M) and therefore external funding would be required. Discussions between KBC and with Homes England have been positive and a bid for grant funding is to be submitted in April 2021 (the scheme has already been submitted for pre-application advice). Given that the scheme retains and reuses buildings on site, it will be no surprise that Historic England has issued letter of support. Subject to the consideration of any responses it is intended that a full planning submission will be made in June 2021, a target construction start date of June 2022 and indicative completion date of December 2023.

Members are reminded that the "Meetings With Developers Policy And Procedure" states that:

*"The Council wishes to encourage appropriate sustainable and safe development, whilst at the same time attempting to preserve and protect the environment and character of Desborough; having due regard to the duties of the Town Council in relation to conserving biodiversity and the prevention of crime and disorder."*

It goes on:

*"whatever their views, Members must approach their decision-making with an open mind in the sense that they must have regard to all material considerations and must be prepared to change their views if persuaded that they should."*

The Borough Council has asked for comments on the scheme and any suggestions. Giving views and making suggestions will not of themselves rule Town Councillors out of making comment when the planning application(s) are submitted.

The Council is REQUESTED to consider the matter and make comment on the proposals.

**164./20 To consider a Community Grant previously awarded**

Members may recall that in October 2019 a grant of £1,500 was made to the Zellhoff 2020 group of the 3rd Desborough Scouts towards the cost of the group attending the international camp in Zellhof, Austria in July / August 2020. Owing to the pandemic, the camp was postponed to 2021 and it was hoped that participation would be possible with the same individuals from Desborough. It has now

become clear that this will not now happen in 2021 due to continued Covid restrictions. The grant was awarded “for the group attending the international camp in Zellhoff, Austria, in July/August 2020”.

The Council’s policy requires that “All grants must only be used for the purpose for which they were awarded unless the written approval of Desborough Town Council has been obtained for a change in use of the grant” and “The council reserves the right to reclaim the balance of any funds not spent in accordance with the approved grant application, left unspent after one year of receipt”.

Although it is intended that representatives from the 3rd Desborough Scouts will attend a similar camp in 2022 that would mean the grant money being unspent longer than intended. The Scout group has confirmed that if the grant remains the money will be placed in a ring-fenced account with the other money raised by the group towards the international camp. If the Council chooses to leave the grant with the Scouts, the Town Clerk should be requested to see evidence that the money has been set aside, and the matter should be reviewed within twelve months.

The Council is REQUESTED to consider the matter.

165./20

**To consider whether or not to co-opt to the Casual Vacancy**

Councillors will recall that Councillor Taylor resigned from the Council leaving a casual vacancy. In accordance with the appropriate rules, the Borough Council has confirmed that the Town Council is permitted to fill the current vacancy on the Council by co-option. The elections for the whole Council are scheduled for 6 May 2021. The relevant law says vacancies must be filled as soon as practicable **unless** an ordinary election is within six months in which case the Council **MAY** fill the vacancy. If the Council decides to co-opt to the vacancy then the term of office of any person so co-opted would expire with existing Councillors at the May 2021 election.

The Council is REQUESTED to consider whether or not to co-opt to the casual vacancy and if so to note that a decision on co-opting any candidate will take place at the April Council meeting.

166./20

**To consider works necessary to Green Lane / Harrington Road**

This bridleway / footpath known locally as “the D” has been reported as being in an unsafe state. Notwithstanding the gates at either end, this path is officially highway and is therefore the responsibility of the County Council to keep clear. As with most country paths, there has been encroachment of shrubbery and undergrowth over time reducing the width of the pedestrian area. Some clearance works have been undertaken in the recent past.

The Council is REQUESTED to consider the matter.

167./20

**Definitive Map and Statement for Northamptonshire County Council**

As Councillors will know, there are many examples in Northamptonshire of routes which have a dual status. They appear on the Definitive Map as a public right of way and also on the List of Streets as a highway with full rights for all users (including motor vehicles). This is sometimes known as a “highway conflict” but in practice, few problems are caused. The ways that these dual status routes came about vary: some are alleyways within the villages and towns; others have been created on the edges of settlements when modern developments have included new roads which have overlain existing public rights of way. In some cases, the highway footpaths have been formally adopted, in other cases not.

It would appear that in 2016, when Kier/WSP were carrying out a periodic consolidation of the Definitive Map and Statement for Northamptonshire County Council (NCC), they made a decision to include extra schedules in the map Order to remove those public rights of way, in part or whole, where the route was also served by a full highway. This was done under s.53(2)(a) of the Wildlife and Countryside Act 1981, which did not require Kier/WSP to consult with anyone, so there was no consultation with parish and town councils. The effect of this varies according to each individual route. Where a carriageway with footways replaced a public footpath or bridleway, there may well have been no objection. However, in the case of alleyways which were intended for pedestrians only, the remaining highway footpath carries with it unrestricted rights such that vehicles including quad bikes and motor bikes can also use them which, in many cases, is extremely dangerous.

A copy of the 2016 Order is here <https://www.northantscalc.com/uploads/definitive-map-modification-order-sep16.pdf>.

In Desborough, part of footpath UC7 (from Pipewell Road towards West Lodge Farm, through The Grange) was affected, as was part of UC1 (Lower Street). UC7 appears to have been “relocated” to a more commodious route. With footpath UC1, the stretch of road lay over the right of way and the right of way was removed from the Definitive Map and Statement. The considered opinion is that Kier/WSP and NCC’s actions were uncommon but probably legal – although it is unlikely that the draughtsman of s.53(2)(a) of the Wildlife and Countryside Act 1981 intended for it to be used in the way it was here.

If the Council believes that these changes will have an adverse effect on residents or pedestrians then a request may be made to have the stretches of footpath reinstated. If however, there is no disadvantage then no action is necessary.

The Council is REQUESTED to consider the matter.

- 168./20 To approve the signing of the replacement lease for the Council's offices**  
Members will recall that the Council decided to enter into the lease with Desborough Library and Community Hub (DLCH) to rent the Council's offices concurrent with making a loan to DLCH to purchase the same (25/07/2019). The agreement was for the lease to be substantially the same as the old County Council lease.
- Lengthy legal work ensued and the Council formally approved the signing of the lease, the lease agreement, and various other documents relating to the purchase (20/02/2020). At the point of the transfer of ownership of the building between NCC and DLCH when the lease with the Council needed to be signed it was not possible to comply with S38A(3)(b) of the Landlord and Tenant Act 1954 because it was not lawful to have meetings in person owing to the first Covid-19 lockdown and an in-person meeting was necessary. An interim lease which could be signed was agreed (and signed) and a separate undertaking was given to relinquish the interim lease and sign one with the extra clauses added (reported to the Council on 21/05/2020).
- This replacement lease is identical to the interim one but with the addition of the provisions relating to S38A(3)(b) and is the version of the lease which would have been signed but for the lockdown. It is RECOMMENDED that the Council authorises the Town Clerk to relinquish the existing interim lease and to authorise the signing of the new lease.
- 169./20 To review policies and procedures**  
The Council needs to review various documents each year. The Financial Regulations, Standing Orders, and Scheme of Delegations are the three main "constitutional documents" which set out how the Council conducts its business. It is proposed to review the Scheme of Delegation at the April Council meeting together with other policies.
- 169.1./20 Standing Orders**  
A review of the Council's Standing Orders has been undertaken to ensure that the mandatory Standing Orders are included, and the Council's policies and practices are reflected. The draft revised Standing Orders have been circulated separately to Councillors.  
The Council is RECOMMENDED to approve the draft revised Standing Orders.
- 169.2./20 Financial Regulations**  
A review of the Council's Financial Regulations has been undertaken to ensure that the mandatory provisions are included, and the Council's policies and practices are reflected. The draft revised Regulations have been circulated separately to Councillors.  
The Council is RECOMMENDED to approve the draft revised Financial Regulations.
- 169.3./20 Councillors' Code of Conduct**  
Although there is no legal requirement to do so, the Council usually adopts the Code from the principal authority given that that Council's Monitoring Officer acts as the Monitoring Officer for the Town Council (under statute). The Code was last updated by KBC at the end of 2019 and adopted by the Town Council in January 2020. North Northamptonshire Council (NNC) will be the principal authority from the April 2021 and has just adopted the new model Code from the Local Government Association (LGA). The message from Northants CALC is for Town and Parish Councils to carry on with the Codes they have for the time being, and to postpone any review. However, it is usual for Councils to be "required" by auditors to have reviewed core documents and policies  
The Council is REQUESTED to consider:-  
a) continuing with the existing Code unchanged for the time being; OR  
b) adopting the NNC Code (amended as circulated).
- 169.4./20 Other Risks Risk Assessment**  
The draft Risk Assessment, circulated to Councillors separately, has been updated to take account of experience over the last year.  
The Council is RECOMMENDED to approve the risk assessment.
- 169.5./20 Governance Risk Assessment**  
The draft Risk Assessment, circulated to Councillors separately, has been updated to take account of experience over the last year.  
The Council is RECOMMENDED to approve the risk assessment.
- 169.6./20 Dignity at work policy**  
The draft policy, circulated to Councillors separately, addresses issues of bullying and harassment on any ground, and how complaints of this type will be dealt with (bullying in general is also referred to in the Councillors' Code of Conduct).  
The Council is RECOMMENDED to approve the policy.
- 169.7./20 Member / Officer protocol**  
The draft policy, circulated to Councillors separately, covers ground rules for interactions and working arrangements between Councillors and staff  
The Council is RECOMMENDED to approve the policy.

- 169.8./20 Public interest disclosures Policy**  
Whistle-blowing, sometimes referred to as confidential reporting or public interest disclosure, provides a link between employment concerns, such as bullying, and the more general complaints procedures. The draft policy has been circulated to Councillors separately.  
The Council is RECOMMENDED to approve the policy.
- 170./20 To receive any reports on activity from Members of the Borough Council, the County Council, the North Northamptonshire Shadow Authority, and any local groups and volunteers**  
Any reports received will be circulated.
- a) Kettering Borough & North Northamptonshire Shadow Councillor Mark Dearing
  - b) Kettering Borough & North Northamptonshire Shadow Councillor Jim French
  - c) Kettering Borough & North Northamptonshire Shadow Councillor Mike Tebbutt
  - d) Northamptonshire County North Northamptonshire Shadow Councillor Allan Matthews  
Attached at Appendix A
  - e) Other groups and volunteer posts
- The Council is REQUESTED to note the information.
- 171./20 To receive an update on the proposed CCTV upgrade**  
Following the offer of a grant from the Town Council to the Borough Council for the upgrading and installation of new CCTV cameras the Borough Council has been consulting on the locations of proposed new cameras. The existing four cameras (located at High Street / Station Road, Station Road / Havelock Street, High Street / Dunkirk Avenue, and Recreation Ground adjacent to the Bowls Club) will be replaced and the proposals for new cameras in the following locations is subject to consultation and funding: Braybrooke Road, opposite Hilltop Avenue, Chaplins Lane (Recreation Ground, in the north-west corner), Leisure Centre at The Grange, and Braybrooke Road / Straight Furlong. Details of costs have still not yet been confirmed by the Borough Council, and discussions with regard to other potential locations are continuing.  
For the avoidance of doubt, the Town Council's grant is to allow the purchase and installation of the equipment and the Borough Council (and its successor) is responsible for the insurance, maintenance, operation and upkeep thereafter.  
The Council is REQUESTED to note the information.
- 172./20 To receive an update on the Braybrooke Road Play area**  
The Council has been informed that notwithstanding the agreement with the Borough Council to consult with the Town Council before awarding the contract for the play area, the tender process produced contractors' proposals of such a high quality and equivalence that KBC found it necessary to involve a more expert analysis. The preferred contractor (subject to contract) makes both high quality play kit and also highly 'playable' playkit too. The lead-in time is around 6-8 weeks and it is anticipated that installation will be during May.  
The Council is REQUESTED to note the information.
- 173./20 To receive an update on the proposed one way system**  
The County Council's engineers' department has been working on the plans for the one-way system taking into account the need for sufficient turning circles and parking needs as previously agreed. The Town Clerk continues to press for progress.  
The Council is REQUESTED to note the information.
- 174./20 To receive an update on the Neighbourhood Plan**  
The contractor has commenced work on the revisions to the draft plan and a meeting of the Neighbourhood Plan Advisory Committee is being convened to consider the first report.  
The Council is REQUESTED to note the information.
- 175./20 To note crime figures**  
Details of the latest crime and clear up figures received are placed on the Council's website.  
The Council is REQUESTED to note the information contained in the report.
- 176./20 To note a report of vehicle speeds**  
Details of the latest weekly figures from the Council's TVAS speeds signs are placed on the Council's website. Following a review of the risk assessment involved in the use of the speed signs it has become necessary to buy safety equipment: a warning lamp and a high visibility jacket. Details of the costs are set out in the accounts for payment.  
The Council is REQUESTED to note the information contained in the report and authorise the purchase of a hi-viz coat and warning lamp.
- 177./20 To receive and note the planning and licensing report and consider commenting on applications**  
In accordance with the views expressed by Councillors, any comments on applications which were uncontentious and uncontested were submitted to the relevant planning authority as set out in the

report at Appendix B. The Council is RECOMMENDED to note the report and raise comment on any items not already submitted.

**178./20**

**Finance matters**

**178.1./20**

**To approve the finance report**

The Council is RECOMMENDED to approve the report (Appendix C).

**178.2./20**

**To note the external audit report**

The statutory external audit report is available on the Council's website. As Members may recall, owing to the income/expenditure level of the Council it was necessary to change from the "receipts and payments" method to the "income and expenditure" method of stating the accounts. This means redoing the previous year's return under a different set of rules. The prior year's figures were not correctly restated to an income and expenditure basis on the AGAR Part 3. Box 1 and 3 should read £351,758 and £3,245 respectively. In reviewing the figures after the Internal Audit the Town Clerk noted that the current year's figures in Boxes 3, 6, and 7 should read £5,025, £197,673 and £357,799 respectively. This updated information was provided to the external auditor. On another technical matter, refunds received during the year were incorrectly stated as income rather than being "netted off" against the original expenditure. Finally, following external advice after the internal audit, the library purchase loan has been treated as an asset and is now included in Section 2, Box 9. The figure in Box 9 should read £319,389. The changes will be taken into account in the next annual return. The Council is RECOMMENDED to note the report and action to be taken.

**178.3./20**

**To consider changes to internal audit arrangements**

The Council has used the internal audit services provided by Northants CALC for a number of years paid as an additional cost on top of the annual subscription. It is good practice to change auditors from time to time; it avoids a cozy relationship developing, helps to ensure diligence on behalf of the auditor, and that regulatory changes and developments are effectively communicated and implemented. The opportunity has been taken to test the market. An assessment of the needs of the Council and the reasonable expectations of the audit and on the auditor has been undertaken. Quotations were sought in accordance with Financial Regulations. A quotation was received from a well-known and respected town and parish Council auditor for a fee of £500 (no VAT applicable). The Council is REQUESTED to accept the quotation and change internal audit providers.

**179./20**

**To approve accounts for payment and to note those already made**

The report set out at Appendix D details those invoices and payments for payment, those authorised in accordance with the scheme of delegation, and those where payment is by continuous authority. Details in the report will be updated before the meeting as information is received. The Council is RECOMMENDED to approve the payments.

Desborough Town Council  
18 March 2021

### County Councillor Report

This month I offer a potted version of frequently asked questions about highways trees and the responsibilities of the Highways Authority [HA]. It is not an exhaustive list but captures some of the more frequent concerns about highways trees.

#### HIGHWAYS TREES

Q. A highways tree blocks light, or overhangs my garden, can it be removed or pruned?

A. There is no absolute right to light to either land or property [currently]. The HA is not required [or obliged] to prune a tree for the benefit of a property owner, unless structural damage is caused.

Notes:

A common law right permits a person to prune back any growth of a tree [or shrub] "to the line of their boundary" [e.g. fence line]. Any pruning, or fruit, must be offered back to the owner but, if the owner declines acceptance, the "pruner" has the task of disposing of the cuttings in a responsible manner. By carrying out work to a tree, the person takes responsibility for their actions. Should injury or damage occur, the person carrying out the work becomes liable. If a tree carries a Tree Preservation Order, or is in a Conservation Area, permission must be obtained from the Local Planning Authority before work is undertaken.

Q. My TV signal is poor - a highways tree is interfering with the signal - can the tree be removed or pruned?

A. The HA is not legally required to remove or prune trees for a TV reception.

The TV licence does not give the holder a guarantee or legal right to reception.

Q. Falling leaves and seeds make a mess on my garden paths, block drains and make the car dirty, can the tree be removed or pruned?

A. The HA has a duty of care to keep pavements in good structural repair but gardens are the responsibility of the occupiers.

Leaf litter, seed drops and sap are natural physiological occurrences.

Q. I think tree roots are damaging the foundations of the house, what should I do?

A. Normally the roots of highways trees do not damage foundations, however some soil with high clay content, coupled with trees and shrubs, can cause excessive moisture loss during periods of drought.

The property owner can get a structural survey undertaken and, if there is damage, send the report to the Highways Authority with a completed claims form.

Q. The highways tree is close to overhead wires.

A. Your HA will not undertake work to prevent damage, or to clear, overhead cables. The relevant utility company should be advised their service is affected but there is no statutory minimum clearance of trees adjacent to telephone cables.

Note: overhead electricity cables are kept clear from encroaching tree growth, for public safety, by the power company.

#### OTHER QUESTIONS ABOUT TREES

Q. Hedge heights – is there a law now?

A. Yes from 1st June 2005 Local Authorities have had powers to deal with complaints.

Q. Birds nesting in a tree but someone working on that tree – whom do I call?

A. Contact RSPB or English Nature Reserve or Bat Conservation Trust [Use library details]

Q. Who is responsible for hedgerows adjacent to a highway?

A. Ownership and responsibility lies with the landowner. Fences are often merely the physical boundary and may not be the legal boundary.

Q. Street lights affected by trees.

A. Report to Balfour Beatty

Q. Private trees affecting private properties.

A. This is a private matter between the parties concerned.

Please note that I have avoided using NCC and KBC as references as these authorities will become North Northants Council on April 1st.
