I continue to work towards getting a deal for Desborough residents on green energy specifically from the new solar panel fields being delivered around Desborough. Local issues have been around the new lighting being fitted and why some roads are not being done and others have been done. Also complaints on the switching off of some lamp standards and the siting of some of the new lights. Speeding down Rothwell hill has been a constant complaint from some members of the public and the Town Council have taken up an awareness campaign. Constant complaints regarding the lorries coming through Desborough to the Trout farm continue and I have been working with other Councillors to try to help alleviate this issue. The issue of overgrown verges has been raised and I was able to have the grass on both sides of Rothwell hill edged back to give us the full width of path to walk down again. I have been able to use my ward money for a variety of causes including, new litter bins, help for Marlow House, money towards the flags for the Town centre, money towards a defibrillator and money to help Desborough Youth Group.

**Cllr Soans Report**

As discussed in the Annual Town Meeting, it has been agreed that some work will be completed on the grass area outside the Co-op with planters and path.

<p><b>14</b></p>	<p><b>Neighbourhood Plan Update</b>  <b>Cllr Soans</b>  <b>Desborough Town plan steering group– Chairs report to DTC 21<sup>st</sup> May 2015</b>  <b>Finance</b>                  It has become clear that the actual writing up of the town plan will have to be carried out by a professional planning company.                  The steering group have requested Messer’s Latham’s, who undertook the site assessment work last year to provide an estimate for this work.                  This estimate has been provided in the sum of £15,000.00. In order to comply with DTC finance regulations 3 quotations will need to be obtained for this next phase of work. Appropriate organisation details and specification to be provided to the town clerk who will then seek the bids.                  In addition, a grant has been applied for against certain elements of the estimate from Planning Aid UK in the sum of £7550.00. We have received confirmation that this application has been successful.    <b>Progress</b>                  The steering group is progressing with its information and evidence gathering for the aims and objectives of the plan, we are being fully supported by both Planning Aid UK and Kettering Borough Council planning department. We remain on target to complete this work by August this year. A further outreach event to inform and interest Desborough residents will be held on Dunkirk Rec on carnival day, 27th June.    <b>Training and appointment of steering group members</b>                  Further to the recent election results, 2 council appointed members of the steering group were not re-elected to the town council. The steering group would, however wish to retain them as community representatives to the group. The steering group now therefore consists of 6 community members, but only 3 council members. In addition Cllr June Derbyshire will be unable to contribute to the steering groups work, due to her appointment as Mayor of Kettering.                    The town council now therefore needs to appoint 4 additional members to the steering group. It would, however be both impractical and unreasonable to appoint any new members without any introduction or training for the role.                  The steering group is therefore offering a full introduction and training session for all new council members, run by Planning Aid UK, in the next few weeks to enable them to know what the Town plan is all about and to enable them to confirm their membership of the Town plan steering group, by the June Town Council meeting.                  The next meeting of the Steering group will be Tuesday 23<sup>rd</sup> June when the new members could take their places.                  The steering group therefore requests the town council to endorse the reappointment of 2 new community members of the steering group and the training and appointment of 4 new council members.</p>

<p><b>14.1</b></p>	<p><b>Appointment of Councillors to the Working Party for 2015/16</b>                  It was unanimously <b>AGREED</b> (proposed by Cllr Tebbutt and seconded by Cllr Howes) that Cllr Brooks, Cllr Sills, Cllr Turigel and Cllr Putt would be appointed to the working party. With Cllr Soans and Cllr Matthews remaining.</p>
<p><b>14.2</b></p>	<p><b>Appointment of Members of the Public &amp; Community Organisations to the Working Party for 2015/16</b>                  It was unanimously <b>AGREED</b> (proposed by Cllr Soans and seconded by Cllr Mathews) that the following would be appointed to the working party:  <u><b>Public Members for 2015/16</b></u>                  Ruth Wakeling                  Jo Watson                  Ben King  <u><b>Community Organisations Members for 2015/16</b></u>                  Belinda Humfrey (Civic Society)                  Terry James (Town Centre Partnership)                  Paula Holmes (Desborough Community Development Trust).</p> <p>Cllr Tebbutt stated that it would be excellent if the new group could give a detailed report update of exactly how far along the Planning Aid Mile Marker Route and give a Financial update and potential budgets etcetera in conjunction with the Clerk, who is our Financial Officer.                  Cllr Tebbutt asked that a specification be provided for the next phase of work of the Town Plan and three names of organisations who have been short listed to tender for this work.</p>
<p><b>15</b> <b>15.1</b></p>	<p><b>Financial report</b>  <u><b>Internal Audit Report</b></u>                  I can confirm that Desborough Town Council has received a clean Internal Audit which was completed on 30<sup>th</sup> April 2015.</p> <p><b>To the Town Council:</b></p> <p>Dear James, thank you for the hospitality shown during my visit to audit the books of the council,                  I examined book keeping, due process, risk management, budget, payroll, asset control, bank reconciliations and year end processes. I found all very satisfactory. It was good to see the council becoming more pro-active.</p> <p>May I take this opportunity to wish yourself and the new council a successful 2015/6.</p> <p>Yours sincerely,</p>  <p>Peter Quincey, B.A.(Hons),                  Internal Auditor to the Council                  01536 461189.
