Extracted from the report of the Town Clerk:-

*Note: no decisions can be made in response to matters raised under this item.*

A member of the public speaking on behalf of the Town Centre Partnership referred to the invitation to the Chair to the switch on of the Christmas lights during Gala Night, and she asked groups to help out at Gala night. She stated that 2021 would be her final year of involvement. The Chair expressed thanks for the hard work over the years through the Town Centre Partnership.

A member of the public stated that a planning application relating to Grange 2 was expected to be lodged in December. NNC Cllr Howes stated that the determination date was likely to be delayed.

Two members of the public spoke in opposition to the planning application relating to Matlock Way, stating that the site was the only remaining green space in the development, and that if the proposed use was accepted, it would lead to antisocial behaviour owing to the poor design and layout especially the footway. They added that it would result in a dangerous junction, had insufficient parking, had insufficient access for emergency vehicles, and the persistent flooding evidenced in neighbouring gardens had not been addressed.

A member of the public referred to Bellway and the Chair stated that the Town Council wished a constructive engagement with them.

A member of the public referred to a footpath link between the Greenspace and housing along Pipewell Road. NNC Cllr Howes undertook to speak with NNC Cllr Tebbutt to find out if upgrading works formed part of the Grange 2 proposals.

**RESOLVED that:-  
the information be noted.**

[NK/2021/0705](#)

*Location: Matlock Way (land at), Desborough*

*Proposed development: Outline application for 5 no. dwellings (some matters reserved)*

It was noted that this area of land had been well used during lockdown. It was stated that there had been many objections from residents and the proposal represented over-development, was not in compliance with the North Northamptonshire Joint Code Strategy, was not to Secured by Design standards, had insufficient parking, and an inadequate layout.

Cllr Burnham returned to the meeting at this point.

[NK/2021/0707](#)

*Location: 9 Leys Avenue, Desborough, NN14 2PY*

*Proposed development: Separate single storey dwelling within the rear garden*

It was stated that the plans were incomplete and lacking in crucial details, the access proposed was inadequate, the proposed property was too close to neighbouring property, represented an unwelcome backfill development and had insufficient access for utilities, emergency services, and daily use. It was also suggested that the layout and size seemed unusual and out of keeping with the proposed use.

**RESOLVED that:-  
objections as set out in relation to NK/2021/0705 and NK/2021/0707 be registered.**

**105./21 TO CONSIDER INFORMATION FROM BELLWAY THE PROSPECTIVE DEVELOPERS OF THE SITE AT SOUTH DESBOROUGH**

Extracted from the report of the Town Clerk:-

*Representatives from Bellway have been invited to the meeting to bring the Council up to date with activity.*

*The Council is REQUESTED to consider any information provided.*

The Town Clerk read a statement from Bellway as follows:-

*"In terms of the reasoning for the scale of the works undertaken, the County archaeologist insisted on extensive trial trenching, likely in view of the river side setting and proximity to St Giles Church. The works are due to complete this week and the findings reported to NNC in due course. The trenches are being back-filled as they progress so that there will be no exposed trenches/holes left on the site. As we are out of the growing season, we accept that there will be no new grass cover anytime soon but we can assure the Town Council that the works have been carried out in accordance with the specifications and methodologies agreed with NNC (namely the Reptile Mitigation Strategy and the Written Scheme of Archaeological Investigation) and are completely in line with what is to be expected for the scope of works required. All of these works, including the back-filling, will be completed tomorrow. The machinery is expected to also be picked up tomorrow, but this may occur early next week.*

*"In terms of attending the meeting, Bellway are still progressing towards to having an updated development layout and scheme and believe it would be more beneficial to attend a meeting, and invite feedback, when that work is complete."*

The Chair stated that he was seeking a site meeting with Bellway representatives.

**RESOLVED that:-**

**the information be noted.**

**106./21 TO CONSIDER ANY UPDATE ON THE NORTH NORTHAMPTONSHIRE COUNCIL'S PROPOSALS IN RELATION TO THE LAWRENCE FACTORY SITE**

Extracted from the report of the Town Clerk:-

*The Council is REQUESTED to consider any update received.*

NNC Cllr Howes reported that the decision on the future of the site remained on pause and that Officers were trying to speak with ALDI and LIDL representatives. The Chair stated that the Town Council was not opposed to social housing and that he had asked for details of the current waiting list and currently approved plans for additional social housing. NNC Cllr Howes stated that if developed for social housing, the properties would be owned by North Northamptonshire Council, and that there were hundreds of applicants on the waiting list.

**RESOLVED that:-**

**the information be noted.**

The Chair reported that it was not yet known which, if any, North Northamptonshire Council services the Town Council might be asked to take on. NNC Cllr Howes stated that there were no plans to pass services to town / parish Councils in the foreseeable future.

It was noted that provision might be necessary for: a youth project, improvements to the Dunkirk Avenue "Rec" playing area (if not funded by NNC), uneven footpaths (if not funded by NNC), and improvements to the Station Road / High Street / The George Corner area.

It was also noted that items such as: car parking, public realm improvements, Havelock "square", a community centre, and sports facilities, should all be funded from NNC resources and not from Town Council resources which would represent double taxation, but that if funding was available from S106 developer contributions then that might be appropriate.

**RESOLVED that:-**

**the suggestions be noted.**
